## The Life Forecast

Catch the unknown, catch the thunder  
Catch the storm and the darkness explodes!

To change, to change, to change the past  
To change the life the life forecast.

Throw the wind, throw the power  
Throw the spell and the dark owl flies!

To change, to change, to change the past  
To change the life the life forecast.

The magic has a cost.

To change, to change, to change the past  
To change the life the life forecast.
